Objective

I am an enthusiastic and dedicated Front-End Development student with a solid foundation in HTML, CSS, JavaScript and React. My passion for web development began with a desire to understand how websites are built, and I am now seeking an internship opportunity where I can apply my basic skills and continue to learn from experienced professionals.

Projects

Weather App- JavaScript, HTML, CSS, OpenWeather API

Created a weather app that fetches real-time weather data from an external API.

Integrated OpenWeather API to retrieve and display weather data.

Designed a responsive UI for mobile and desktop views.

To-Do List Application- JavaScript, HTML, CSS

Built a simple to-do list web application to manage tasks.

Developed an interactive UI to add, edit, and delete tasks.

Implemented local storage to save tasks even after closing the browser

Portfolio Website- React.js, JavaScript, HTML, CSS

Designed and developed a personal portfolio website to showcase projects and skills.

Created a responsive and modern design using HTML and CSS.

Implemented interactive elements with JavaScript, including smooth scrolling and navigation.
